

A little more clarity.

A sample page for finding your perfect export.

A SYNTHETIC DOCUMENT / NO PERSONAL DATA

01 / A simple chart. Look at the edges when you zoom in.

Pick the pixels you need.

PNG keeps rendered text and linework crisp.

JPG trades some detail for a different file size.

Try 150 ppi, then compare it with 300 ppi.

The preview shows the image you will download.
